

DIGITAL MULTI-PURPOSE ANEMOMETER

MODEL NO.BE8910

APPLICATION

This product is a portable multi-functional Anemometer, and it is suitable for measuring temperature, humidity, wind chill, dew point, wind velocity, barometric pressure, altitude and illumination.

Because the measurement of altitude is influenced by barometric pressure and temperature, so the altitude values measured in different seasons and different climates are different; but in the same day and condition that, barometric pressure and temperature slightly vary, the altitude reading is stable so it can be used for measuring the altitude difference.

KEY FEATURES

- 8 in 1 functions into one product
- Can measure and display: Temperature, Humidity, Wind Chill, Dew point, Wind velocity, Barometric pressure, Altitude and Illumination.
- Mini and light weight
- Guaranteed quick response and accurate readings, no guessing errors
- Data saving function: manually saving and automatically recording data
- Unit switching function
- Supporting Chinese and English
- Adopting a matrix liquid-crystal display screen so that the display content is richer
- LCD backlight display
- Low battery indication

DIGITAL MULTI-PURPOSE ANEMOMETER MODEL NO.BE8910

SPECIFICATIONS

* Temperature:

Range: -20~+60°C,Resolution: 0.1°C,Accuracy:±1.0°C,Response time:1S

* Humidity:

Range:0~100%RH, Resolution: 0.1%RH,Accuracy:±5%RH,Response time:1s

* Wind chill:

Range:-40~+10°C,Resolution:0.1°C,Accuracy:±2.0°C,Response time:1s

* Dew point:

Range:-40~+60°C,Resolution:0.1°C,Accuracy:±2.0°C,Response time:1s

* Wind velocity:

Range:0.7~30m/s,Resolution:0.1m/s ,Accuracy:±3% or ±0.3m/s ,Response time:1s

* Barometric pressure:

Range:300~1100hPa,Resolution:0.1hPa,Accuracy:±1.0hPa,Response time:1s

* Altitude:

Range:-500~9000m,Resolution: 1m,Response time:1s

* Illumination:

Range:0~55000Lx;Resolution:1Lx;Accuracy:±3%,Response time:1s

* Size: 48x21.2x122mm

ACCESSORIES

- Battery x 1pc
- Manual x 1pc
- Packing x 1pc
